LOCATION Austin, Texas

AREA 2400 sf

COST \$1,200,000

ARCHITECT Miró Rivera Architects

Located next to the Etter-Harbin Alumni Center on the University of Texas at Austin campus, the Texas Cowboys Pavilion extends the possible uses of the alumni facility by serving as an outdoor gathering space amid the trees along Waller Creek. Cantilevered steel beams and trusses form a delicate canopy over a sturdy, triangular plate girder that forms the Pavilion's central spine. Flanking Darrell K. Royal - Texas Memorial Stadium, the Pavilion functions as a location for pre-game and post-game events, as well as lectures and presentations. Integral ceiling fans, indirect lighting, and roll-down sunshades allow use of the pavilion year round and at any time of day.
